

Jeremy Baumruk, Director of Professional Services

Jeremy Baumruk is Director of Professional Services at Xamin, a leading provider of managed IT services for highly regulated and reputation-sensitive companies. In his role, he develops the company's professional services (ProServ) teams.

Having worked at Xamin for over 10 years, Baumruk oversees ProServ Engineering, Project Coordination, Consulting, Sales Engineering, Procurement and Business Development teams. As director, he is an integral part of the leadership team, accountable for the success of the professional services groups.

Additionally, Baumruk has held multiple internal and client-facing roles including support, engineering and consulting. In 2013, he helped form Xamin's ProServ division, which was originally developed for project work, but has since grown to encompass multiple teams.

Baumruk received a bachelor's in computer science with a concentration in graphic design and implementation from St. Norbert College. He holds numerous certifications including Dell Technical Certifications, Fortinet Certified Network Security Administrator (FCNSA), Microsoft Certified Professional (MCP) and VMware Technical Sales Professional (VTSP).
